Dear Judge Hellerstein:

I apologize for the tardiness of this letter unfortunately it was unavoidable. As a Pro Se Litigant, I was unaware of the Court's rules and was of the belief that if opposing counsel granted me an extension of time to file my opposition papers, this was all that was required. I spoke with the Court this morning, specifically the Pro Se Litigant's Part, who explained to me that only the Court can grant extensions and in reality you have to make application to the Court for this relief. I have spoken with counsel for defendants and explained to them that I needed additional time to file my opposition. I originally requested sixty (60) days, however, they felt it was too long and stated they would only give me two (2) weeks extending my time to May 29, 2009.

I appreciate their courtesy, however, I am still of the belief that I require additional time to file my papers, due to my concerns about discovery issues. However, I am aware that this type of one-sided conversation is not proper, so I will address this issue at another time.

Wherefore, I respectfully request an extension of time to file my opposition papers. I have carbon-copied defendant's attorneys of this letter and attached an affidavit of service as I was told to do so by the Pro Se Litigant's Part.

I thank you for your consideration of this request.

Very truly yours,

Steven Novick
